Welcome

The National Cotton Council and its cooperating partners welcome all to the 2021 Beltwide Cotton Conferences January 8 through 10 (Wednesday through Friday) at the JW Marriott Hotel, Austin, TX. Three days of individual reports, panel discussions, hands-on workshops and seminars are designed to provide attendees with information they need to help producers make key cotton production/marketing-related decisions. A dynamic program, along with the opportunity to network with peers from across the Cotton Belt, separate this conference from all others in agriculture. This conference will be educational, as well as enjoyable. Come, learn and experience all the sites and attractions that Austin has to offer. Mark your calendar and plan to attend.
