Dear Full House and Full Senate:

The undersigned agricultural organizations support enactment of H.R. 22, Fixing America's Surface Transportation (FAST) Act. We appreciate your recognition that multi-year surface transportation legislation will provide greater certainty for transportation infrastructure projects that are critical to all sectors of U.S. agriculture.

The FAST Act includes multiple provisions critically important to agriculture—from regulatory relief to policies that benefit agriculture by improving the movement of freight to restoring crop insurance.

We applaud your efforts in putting together this legislation that is vital for rural America, as well as to the economic well-being of the entire country.

Sincerely,
